Bluefish444 Announce Forthcoming Release of IngeStream IP Streaming Software

Stream to IP protocols like NDI from Bluefish444 SDI sources

North Melbourne, Australia, April 3, 2019 - [Bluefish444](#), manufacturer of the professional video industry's highest-quality uncompressed 4K SDI, ASI, Video Over IP & HDMI I/O cards and mini converters, announces its IngeStream IP streaming software will be released in the second half of 2019.

[IngeStream](#) allows for capture of up to 8 channels of video and audio from Bluefish444 [Epoch](#) and [KRONOS](#) hardware, and converts them to [NewTek's NDI®](#) IP stream, with other protocols SMPTE 2022-6, SMPTE 2110 and RTP/RTSP to be included in future updates.

"Bluefish444 are pleased to announce the forthcoming release of IngeStream with NDI streaming," said Tom Lithgow, Bluefish444 Product Manager. "IngeStream will support many more IP formats as the product matures over time."

Bluefish444 will be demonstrating IngeStream on stand [SL9021](#) at [NAB Show 2019](#), streaming live 4K SDI video as an NDI signal to a NewTek TriCaster® Mini. You can find more information about Bluefish444 at [bluefish444.com](#)

About Bluefish444

Bluefish444 is the manufacturer of the industry's highest-quality uncompressed 4K SDI, ASI, Video Over IP & HDMI I/O cards for the Windows, macOS and Linux operating systems. Its video cards are used not only in traditional broadcast and post-production, but also in emerging workflows such as live events, immersive graphics, augmented reality and Video Over IP. Bluefish444 has a growing presence in industries adopting professional video such as the medical, automotive, defence and mining industries.

Bluefish444 cards have been used on award-winning feature films, commercials, music videos and sports events worldwide. Bluefish444's range of video cards are incorporated in video servers, encoders, decoders and character generator solutions by numerous third-party OEM manufacturers, in addition to other niche & mainstream applications.

Founded in 1998, Bluefish444 is a division and brand name of Bluefish Technologies Pty Ltd., which is based in North Melbourne, Australia. Its products are distributed via an extensive sales channel of OEMs, dealers, and system integrators globally. For further information, visit [bluefish444.com](#)
